FLOOR DEBATE

January 14, 2002

And if anybody had designs on me, I was going to not only give them the opportunity but make it as easy and convenient for them as possible. This is what I deal with and I've dealt with it ever since I've been in this Legislature, and you think when some pantywaists decide they're going to try to shut me up in the Legislature I'm going to run for cover? No way. Nor am I like some of my unworthy opponents. I will not hide behind a woman's skirts until she speaks on an issue and then, after she has spoken, I peek out behind her skirts and I see that she hasn't been struck dead, then I jump up, I find my voice and then I go boldly where no man has ever gone before but a woman had already gone. And I'm going to worry about that and those kind of people? I'd like to ask Senator Hudkins a question about how we got where we are today.

SPEAKER KRISTENSEN: Senator Hudkins, would you respond?

SENATOR HUDKINS: Yes.

SENATOR CHAMBERS: Senator Hudkins, I saw the first edition of what was being proposed, then late Friday I saw the edition of what we have before us today. When did the Rules Committee meet to fashion this latest proposal that is being considered by us today?

SENATOR HUDKINS: We met Friday morning.

SENATOR CHAMBERS: Was there any announcement that there would be such a meeting?

SENATOR HUDKINS: No.

SENATOR CHAMBERS: So the Legislature was not notified and, obviously, the media and the public were not notified. Would you say that the change that this proposal makes is substantial over the original proposal?

SENATOR HUDKINS: I guess the word "substantial" would be in the..."substantial" would be in the eyes of the beholder, Senator Chambers.
